Dune Analytics	ChatGPT, Claude, Manus, Gemini	WalletConnect	Figma AI
Etherscan	Midjourney	Alchemy	Sketch
Blockchain Explorers	NotebookLM, Gamma	Infura	Uizard
Tenderly	i10X	Moralis	Miro
	OpenAI API	The Graph	Jira / Rally (Agile)

SAMUEL FITZGERALD

Sam's UX Practice: samuelfitzgerald.com | info@samuelfitzgerald.com I 1646.883.4695

Professional Experience

08.2016 – Present

Web3 & Blockchain Expertise

Indepent Strategist & Tech Entrepreneur

- **Strategic Research Sabbatical:** Conducted extensive global fieldwork and personal development to analyze the intersection of Web3, AI, and human-centered design in emerging digital ecosystems.
- **BitcoinOS Founding Member:** Drove UX improvements and protocol stress-testing for the core team during the critical phases before and after the Token Generation Event (TGE).
- **13+ Years Crypto Native:** Leverage end-to-end technical expertise in Bitcoin mining, validator node operations, and DeFi liquidity bootstrapping to advise on decentralized infrastructure.
- **Architectural Strategy:** Design and integrate blockchain solutions across various verticals, with a focus on enterprise tokenomics, Bitcoin node infrastructure, and ESG compliance.
- **Ecosystem Contributor:** Early-stage investor and contributor to key blockchains, focusing on liquidity bootstrapping, adoption, and reliability.
- **Smart Contract & NFT Governance:** Develop and audit NFT-based membership systems featuring tiered benefit structures and decentralized governance models.

03.2015 – 06.2016

eBay Enterprise

Principal UX Consultant

Clients: PayPal, Bath & Body Works, GNC Live Well, Petco)

ACCOMPLISHMENTS

- Redesigned IAD for GNC product selection tools to optimize for touch and responsive architecture; created high-fidelity clickable prototypes for usability lab studies.

SAMUEL FITZGERALD

Sam's UX Practice: samuelfitzgerald.com | info@samuelfitzgerald.com I 1646.883.4695

07.2014 – 02.2015

BrightStarr

Principal UX Analyst

Clients: Booz Allen Hamilton, Boston Scientific

ACCOMPLISHMENTS

- Delivered comprehensive findings reports with user personas, journey maps, and content strategies that guided $5M+ implementations.
- Created detailed wireframes and information architecture documentation for complex enterprise portals serving 10,000+ employees.
- Facilitated cross-departmental alignment sessions, ensuring UX solutions met diverse business unit requirements.

07.2011 – 09.2013

NBC Universal

Principal UX Analyst

ACCOMPLISHMENTS

- Architected a custom data-exchange platform "The Identity Data Exchange (IDX)", that centralized demographic and behavioral analytics, enabling stakeholders to execute targeted advertising and personalized user engagements across all brand experiences.

  IDX Built foundational big-data pipelines (identity + behavioral analytics) that mirror patterns later common in ML/LLM-era data architectures.

2005 – 2014

Additional Enterprise & Agency Roles

Lead IA / UX engineering roles across major brands and agencies, including:

- McGraw Hill Financial – Standard & Poor's
- McCann Erickson / MRM Worldwide
- Digitas
- Euro RSCG Worldwide
- G2 Digital & Direct / G2 Interactive
- Harper Collins Publishers

SAMUEL FITZGERALD

Sam's UX Practice: samuelfitzgerald.com | info@samuelfitzgerald.com I 1646.883.4695

1997 – 2005

Co-Founded Insite Inc.
(Interactive Agency *in Barbados)*
Chief Technology Officer / UX Principal

ACCOMPLISHMENTS

- Built relationships with 35+ blue-chip clients, increasing revenue by millions (USD).
- Assessed client e-business requirements and delivered digital strategies and platforms aligned to business/user needs.
- Designed and implemented secure web applications across insurance, loyalty/rewards, real estate, reservations, and advertising.

Education & Certifications

- **BSc, Computer Science:** University of the West Indies (Graduated 2001).
- **Ivy League Level Professional Certification:** The Interaction Design Foundation.
    - Mobile UX Design (Distinction: Top 10% in class).
    - Human-Computer Interaction (HCI).
    - User Research – Methods and Best Practices (Top 10%).
    - Product Adoption and Appropriation (Distinction: Best in class).

LAUREN LANGER

Digital Transformation & CX/MarTech Consultant | Client Strategy & CRM Optimization
Remote | (914) 629-8095 | llanger@caa.columbia.edu | linkedin.com/in/lauren-langer1

PROFESSIONAL SUMMARY

Digital transformation and CX/MarTech consultant with 15+ years leading complex client engagements across advertising, retail, and pharmaceutical industries. Known for shaping enterprise-level strategies, strengthening senior-executive relationships, and guiding organizations through modernization of marketing, analytics, and customer operations. Brings deep expertise in CRM optimization, data-driven lifecycle programs, technical project management, and retention strategy. Currently expanding into AI-enabled business operations to help organizations enhance efficiency, decision-making, and customer impact.

KEY SKILLS

Digital Transformation & AI-Enabled Workflows • CRM Optimization • Data-Driven Insights • Retention Strategy • Technical Project Management • Segmentation & Personalization

PROFESSIONAL EXPERIENCE

Independent Consultant

2025 – Present

- Advise early-stage and growth-oriented companies on customer experience, user journey design, CRM optimization, segmentation strategy, and operational workflows.
- Support founders and leadership teams in defining requirements, evaluating solutions, and implementing scalable processes that improve customer engagement and retention.
- Conduct structured research into emerging technologies, including AI, automation, and blockchain, to assess implications for customer experience, operating models, and modernization strategies.
- Recent work includes advising an international ride-share startup on app design considerations, technical project management workflows, and early-stage marketing strategy to support first-year scaling efforts.

Salesforce | Senior Principal Success Manager, Marketing Cloud Intelligence (Datorama)

New York, NY | 2018 – 2023

- Managed multi-million-dollar enterprise accounts across advertising and retail, including Disney+ and major IPG agencies, serving as a strategic advisor on analytics, reporting, and operational modernization.
- Led Datorama's most complex analytics and data-integration use cases, collaborating with product, R&D, and engineering teams to diagnose issues, build scalable solutions, and engineer custom-coded workarounds that preserved high-value relationships and secured at-risk renewals.
- Directed executive business reviews (EBRs) and weekly cross-functional alignment sessions, establishing shared success metrics and reinforcing long-term client engagement and adoption.
- Negotiated multi-tenant and non-standard contracts in partnership with legal and procurement, enabling renewal recovery and incremental upsell opportunities.
- Guided enterprise clients through Salesforce post-acquisition migration, ensuring continuity, data integrity, and successful transition into the new ecosystem.
- Designed and delivered enablement programs, onboarding frameworks, and tailored training sessions to elevate data literacy, analytics maturity, and platform adoption.

BBDO Digital / Barefoot Proximity | Account Director

New York, NY | 2017 – 2018

- Led ExxonMobil's B2B digital marketing across five business lines, managing forecasts, leading two direct reports, and aligning stakeholders around customer experience priorities.
- Designed and executed multi-channel CX programs, including email, web, social, media, and direct marketing, supported by detailed journey mapping and behavioral insights.
- Drove digital transformation within the account by introducing modern MarTech workflows, new digital activation strategies, and performance-focused optimizations.
- Led a full redesign of website navigation and storytelling to support ExxonMobil's rebrand, improving discoverability and relevance of key content.
- Served as MarTech and lead generation expert, architecting data flow, implementing A/B testing strategies, and enhancing reporting frameworks across campaigns.
- Developed persona-based research that resulted in an Amazon e-commerce pilot, unlocking a new channel for brand exposure and customer acquisition.

Epsilon | Account Director

New York, NY | 2011 – 2017

- Managed major pharmaceutical clients (Pfizer, Roche, Novartis), overseeing multi-million-dollar programs, ensuring profit margin targets, and aligning cross-functional teams across creative, data, regulatory, and analytics.
- Developed compliant HCP and consumer campaigns under FDA guidelines, leveraging segmentation, behavioral insights, and personalized content workflows to support targeted engagement.
- Led CRM optimization and modernization initiatives, refining data architecture, streamlining user journeys, and improving retention and adherence across therapeutic areas.
- Identified and secured cross-sell opportunities, expanding client adoption of MarTech and CX capabilities and driving incremental revenue growth.
- Delivered analytics-driven reporting, ROI models, and end-to-end lifecycle guidance, translating insights into targeting, content strategy, cadence planning, and channel optimization.

Planned Career Break (2024)

- Focused on personal development, global travel, and expanding digital transformation and AI knowledge before returning to the workforce.

Earlier Roles

- MIG & Co. | Marketing Manager (2010–2011) – Managed a 3-person marketing team, led a website navigation redesign to improve lead generation, and built custom ExactTarget campaigns to enhance targeting and engagement.
- OpTier | Marketing Specialist (2008–2010) – Implemented a Salesforce CRM redesign and introduced Marketo automation, enabling real-time lead routing, better data workflows, and advanced reporting visibility for sales and marketing teams.
- M5 Networks | Marketing Communications Associate (2006–2008) – Managed web development, SEO, press releases, and external communications to strengthen brand visibility and support inbound engagement.

EDUCATION

Columbia University | Bachelor of Arts in Sociology

New York, NY | 2002 – 2006

ADDITIONAL INFORMATION

- **Interests:** Global travel, writing, documentary storytelling, and exploring emerging technologies such as AI, automation, and blockchain.
